

# PERFORMANCE SIMPLIFIED

## ALBANY ACS100 CONTROLLER

### MORE CONTROL, LESS COMPLICATIONS

From Albany Doors, the global leader in door opening solutions, the **ACS100 Controller** offers improved technology with a streamlined process. Eliminate the stress of installation and maintenance while controlling only what you need. Available on all of our high performance doors for interior and exterior applications.

**BACK TO BASICS APPROACH** a simplified controller with clean installation, easy diagnostics and the physical space needed for accurate troubleshooting

**VARIABLE FREQUENCY DRIVE** smooth motion that starts slow, speeds up and then slows to finish. Variable speed adjustments extend the life of the drive unit and leads to less wear and tear

**REMOTE MOUNT WIRELESS RECEIVER** flexible mounting capabilities allows for more reliable communication

**ABSOLUTE ENCODER** this intuitive feature acts as a failsafe in the chance of power failure. Allows set limits for precise positioning that is maintained regardless of power status

**LESS ERRORS, LESS COMPLICATIONS** pre-programmed, easily read error messages along with LED light indicators, visible through control panel window

**PROGRAMMABLE FEATURES** three programmable outputs to automate your specific door usage

### TECHNICAL SPECIFICATIONS

Operating temperature range from -4°F to -149°F

Enclosure size 22" h x 13" w x 7" d
